AMENDMENT

S I R:

In response to the Office Action mailed on March 27, 2003, kindly
reconsider the present application in light of the following amendments and remarks.

IN THE CLAIMS:

Please add new claim 15 as follows:

--15. (New) A method for transmitting information between an infrastructure
and data users, the infrastructure including a service provider, the data users
including terminal devices in a motor vehicle, the data users having specific data
processing capabilities, the method comprising the steps of:

making a data service available in a standardized format, using the
infrastructure; and

via interfaces situated in the infrastructure, adapting data in the standardized
format to the data processing capabilities of the data users;
wherein the data includes geographic information.

16. (New) A terminal device for a reception of data from an infrastructure, the
terminal device having specific data processing capabilities arranged to process the
